

# According To LEGO Education, All NXT Mindstorm Firmware/Software Pairs Are “Compatible”

- Any version of software will allegedly work with any version of firmware
  - You just might “lose some features”
- You can download firmware from the internet
  - <http://mindstorms.lego.com/en-us/support/files/default.aspx#Firmware>
  - If you get new firmware from the internet, download to  
...\Program Files\LEGO Software\LEGO MINDSTORMS NXT\engine\Firmware\

Software Version	Firmware Version	Notes
Retail v2.0	v1.28	Firmware has extra files not in v1.29 These files can be manually deleted to make room
Retail v2.0	v1.29	Firmware does not have some optional files (in v1.28) to make room for programming
Educational v2.0	v1.26	
Educational v2.1	v1.31	Includes data logging
v1.0 or v1.1	v1.05	Older version
