

FIRST Lego League Webinar: Living in Space **Wednesday, October 17, 2018**

2:45 – 3:15 pm

Join us at:

<https://goo.gl/forms/3CQWpeV5fxlbHs333>

Spend 30 minutes with NASA Langley Research Center subject matter expert David Mercer! Virtually tour a facility while David talks about challenges related to living in space and then participate in a Q&A to ask your questions.

Discussion topics will include:

- Inflatable Habitats
- Solar radiation
- Effects of reduced gravity
- Types of materials used in space
