

Hampton Roads

FLL Coopertition Day

**CITY
SHAPER**

**Presented by
The Ruling Robot Falcons**

Let's help each other get ready for the tournament! First Lego League Teams are invited to a fun morning of meeting other FLL teams and sharing your work! Bring your robots to share your missions, participate in a Core Values exercise, and present and get feedback on your projects.

We will be going through judging room sessions and helping teams think through how to explain their work. Robot Design judging rooms will no longer have robot game mats in them, and we will help teams craft an executive summary for this judging room.

Afterwards, head out to the FIRST Robotics Challenge (FRC) tournament, Rumble in the Roads, to check out the big robots and see them compete!

**Where: Heritage High School
100 James River Dr, Newport News**

Date: Saturday, November 2, 2019

Time: 9am -11:00am

To register, contact Amy Nichols at anichols@att.net
