# FAQ

## What can my child learn at BeaverCamps?

We offer courses in robotics design, computer science, physics, beginners, and competition math.

## How many courses can my child take?

The courses are offered at different times (June - August). Students can take as many as desired!

## Who teaches BeaverCamps?

Our courses are taught by members of FTC Team 13100. Our community-based team has competed and won multiple awards at state and regional levels.

## More questions?

Contact us at [ftcteam13100@gmail.com](mailto:ftcteam13100@gmail.com) or check out website. We'd love to hear from you!
