

Beginning Robotics Programming Camp

Experience the amazing world of FIRST LEGO League! Our Beginner's Camp is designed to give kids with no experience in robotics a taste of how much fun the FLL can be! During this camp you will team up with one other student to learn the basics of building and programming a Mindstorms EV3 Robot and work to complete tasks on previous year's mission boards.

Dates: July 10th – 13th (Tues - Fri)

Time: 9am - 1pm

Where: Hilton Christian Church, 100 James River Dr., Newport News

Who: 9-14 yrs.

Cost: \$100 (\$85 if participant brings their own robot)

To register, please contact Amy Nichols at anichols@att.net.

(For exceptions to age requirements, please contact to discuss individual situations)
